

NORTH EAST VINTAGE CAR CLUB LTD.

SEPTEMBER MONTHLY NEWSLETTER

Richard Duffy will give a talk tonight on steering and steering equipment

A party has been arranged for Friday 17th November at 8 p.m. in the Valley Inn to mark the 35 years of the club. There will be hot and cold buffet and music by Jim Finnegan and free raffles. The charge is €18 per person and €10 for children and we hope you will all attend especially members who we don't see very often.

As it is so late in the season for runs we decided not to have a run for Motor Neuron Disease but to have a mini auction and car show at Naomh Martain football Club in Monasterboice on Sunday 26th November from 2 to 6. Hopefully you will all arrive in your vintage car and bring a load of items for the auction. We can arrange to have tea/coffee available. Maybe we could have a cake sale included to raise funds if any of the ladies (or even the men) would like to do some baking.

We have also started looking into a trip to Wales next year and are waiting to hear back from our friends over there regarding shows and hotels. I got a price of €235 for car and driver and extra passengers €48

For forthcoming meetings, we have arranged for various things, Michael Loughran will give talk/demonstration on radiators and cooling systems. Declan Byrne will show a bit of panel beating. The Gardaí will come and talk about security etc.

Some places to visit next year are Rossborough House in Blessington and Powerscourt Waterfall. And if you would like to visit anywhere else please let us know
